From an early age, I developed a passion for computers, and at the age of 16 I started developing and managing successful gaming servers. At 14, I assembled my first computer, which helped me better understand how to solve technical problems. I am cooperative and always focus on doing my job as best I can. For almost the last decade I have been involved in gaming projects, which keep me up to date with technological trends and market developments.

PROFESSIONAL EXPERIENCE

2021–2022

MAINTAINER OF ONLINE E-SHOP, [DAFFY SHOP - HOME](#)

The internship was completed in an Online e-shop at a local store with electrical equipment

2022–2023

GREEK MILITARY DUTY,

I have fulfilled my military service obligations to my country.

2023–2023

WEB DEVELOPER, FREELANCING

I have collaborated with private clients to transform their web application concepts into reality, utilizing raw HTML, CSS, and JavaScript for the front-end, and Node.js for the back-end. Due to non-disclosure agreements, I am unable to share specific code or client names.

2017 – TODAY

GAMING SERVER OPERATOR, [GAMING MULTIVERSE](#)

I began my journey into server development at the age of 16, quickly honing my skills in various programming languages and frameworks. Over the years, I have worked extensively with Lua, HTML, CSS, JavaScript, Svelte, MySQL/MariaDB, and TailwindCSS to create high-quality scripts and custom features for FiveM and RedM servers. My work has consistently focused on enhancing the gaming experience through innovative and efficient server-side development, ensuring smooth performance and engaging content for players.

2023 – TODAY

FULL STACK WEB DEVELOPER, [INFOMAX INSURANCE BROKERS](#)

I am currently working as a software engineer at Infomax, where I have the opportunity to work with advanced technologies such as SvelteKit, TailwindCSS, and PHP Laravel. This role allowed me to deepen my expertise at Svelte and experience firsthand what it means to be part of a dynamic team that prioritizes innovation and continuous improvement in application development.

EDUCATION

2017

CAMBRIDGE LOWER, ΕΥΡΟΓΝΩΣΗ

Degree grade: A
